

SOUNDTRACK™

THWAITE PRODUCTIONS LIMITED

August 1, 2000

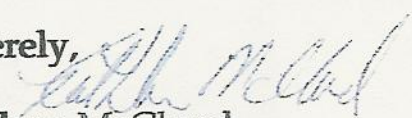

To Whom it May Concern,

As producers of audio programs for a variety of institutions, we frequently need to translate English scripts into other languages in order to produce foreign language programs for our clients. This requires a translator who is sensitive to the audio quality of the script - the sound and rhythm of the words - as well as the accuracy of the information relayed.

Ann Tran's recently completed Vietnamese translation of a script for a science museum successfully met both requirements. We were very pleased with her work.

Ms. Tran's work was thorough, accurate and sensitive to the nuance of the Vietnamese language. She was a pleasure to work with and met our deadline. After the script was recorded, she made herself available for prompt review of the recording to assist our engineer in the editing process. Her level of professionalism was very instrumental in the success of the program.

Sincerely,

Kathleen McCloud
Production manager
